VAN LEEUWEN **ART** | EXHIBITION ROOM #209

Juan Andereggen, born in 1958 in San Jeronimo Norte, Argentina, is a renowned artist known for his contributions to Latin American Constructivism. He splits his time between Buenos Aires and Rapperswil, Switzerland. Andereggen's work often explores themes of human existence, including hope, fear, social exclusion, and community¹².

His art is characterized by its intimate and poetic discourse on life and death, using found and collected materials to create both sculptural and pictorial works. Andereggen's pieces are part of numerous public and private collections in Argentina, Europe, and Switzerland.
